The fuel is supplied under a 30-year fuel supply agreement entered in January 2011 at a transfer price determined by the Rajasthan Electricity Regulatory Commission (RERC) as per the prevalent RERC tariff regulations. In FY25, transactions between the two entities aggregated Rs. 17.9 bn. The transactions between JSW Barmer and BLMCL are undertaken on an arm's length basis and in the ordinary course of business. FOR	JSW Renewable Energy Coated Two Limited (JSWEC2L), currently is a wholly owned subsidiary of JSWNEL. It is in the process of setting up solar and wind hybrid projects of 210 MW for supply of power to JSW Steel Coated Products Limited (JSW Steel Coated) - a wholly owned subsidiary of JSW Steel. The entire capacity will be supplied on captive basis to JSW Coated Steel. To comply with regulations for captive power plants, JSW Steel Coated in FY26 will hold 26% equity in JSWEC2L, resulting in it ceasing to be a wholly owned subsidiary of JSWNEL. Given regulations dictate the equity holding, we do not expect JSW Steel Coated to extend financial support to JSWREVL. The transactions of sale / purchase of materials, goods and services, reimbursement of expenses, between JSWNEL and JSWEC2L including providing financial support to JSWREVL, etc., are routine business transactions for the regular business operations of both the companies and hence are in the ordinary course of business. FOR	JSW Renewable Energy (Cement) Limited (JSWRECL) is 74% held by JSWNEL and 26% by JSW Cement Limited (JSW Cement) and was formed for setting up solar power projects for power supply to JSW Cement. It has developed an 8 MW solar power project in Karnataka and another 10 MW solar power project in Andhra Pradesh and will be expanding the capacity by setting up renewable energy projects for the supply of power to JSW Cement, the captive user. We recognise that captive user provisions as per regulations for captive power plants dictate JSW Cement to own equity in JSWRECL and hence we do not expect JSW Steel to extend financial support to JSWREVL. 11-07-2025	JSW Energy Limited	AGM	Management	Issue of Equity Shares, etc, for an aggregate amount not exceeding Rs. 10,000 crore.	FOR	In April 2024, the company raised Rs. 50.0 bn by issue of equity shares through a QIP. The proceeds from the QIP have been earmarked for repayment of the borrowings, investment in JSWNEL, a wholly owned subsidiary and other general corporate purposes. The company believes, to support its plan to pursue growth opportunities including organic and inorganic and its growth and expansion plans, additional funds may be required. An enabling resolution will give flexibility to the company to raise funds, whenever need arises. If JSW Energy were to raise the entire Rs. 100.0 bn at the current market price of Rs. 506.0, it would have to issue ~197.6 mn shares: this would result in an equity dilution of ~10.2% on the expanded capital base. Given, the dilution is reasonable, we support the resolution.	FOR
11-07-2025	JSW Energy Limited	AGM	Management	Amendment of the Shri O.P. Jindal Employee Stock Ownership Plan (JSWEL) - 2021.	AGAINST	The exercise price of the additional options available under JSWEL OPI ESOP Plan 2021 is Rs. 10 per share – par value and although, the options are available for employees (including whole-time directors) in grades L16 - L19 and high performers in Grades L11 – L15. Based on subsequent clarification provided by the company, we understand that 40% of the options carry time based vesting and 60% of the options carry performance-based vesting: the targets and achievement parameters will be determined by the ESOP Committee of the Board. We do not favour schemes where options are granted at a discount of more than 20% to the market price – in this case, 40% of the options will be granted at face value and will carry time-based vesting. ESOPs are 'pay at risk' options that employees accept at the time of grant, which is protected if the ESOPs are issued at significant discount to the market price. Such practices do not align the interests of investors and employees. For options vesting based the achievement of performance targets, we expect companies to clearly disclose the corporate-level performance metrics and the targets to be achieved for the vesting. The proposed scheme contours do not meet our voting guidelines. We do not support the resolution.	AGAINST

11-07-2025	JSW Energy Limited	AGM	Management	Consent for a potential dilution of shareholding in, and a potential disposal of the assets of, a material subsidiary.	FOR	JSW Energy acquired KMPCL under the Corporate Insolvency Resolution Process on 6 March 2025 and holds 74% of the equity capital, the balance 26% being held by lenders. KMPCL owns a 3,600 MW thermal power plant, of which 1,800 MW is operational. KPCL availed financial assistance from banks / lenders for project implementation and working capital requirements resulting in a charge on substantially all of its assets, and a pledge over the equity shares held by JSW Energy in KMPCL. The charge on assets and invocation of the pledge, could result in a reduction in JSW Energy's shareholding in KMPCL – a material subsidiary and/ or sale / dispose / lease of assets in a material subsidiary to more than 20%. Even so, we observe that secured loans generally have easier repayment terms, less restrictive covenants, and lower interest rates.	FOR

In FY25, the transactions with Bharti Hexacom Limited aggregated Rs. 26.8 bn. The proposed transactions are primarily operational and are expected to occur in the ordinary course of business. However, we note that the resolution is enabling in nature, permitting the transfer of resources, services, or obligations. In FY25, the transactions with Nxtra Data Limited aggregated Rs. 20.4 bn. The proposed approval encompasses both operational and financial transactions. However, we note that the resolution is enabling in nature, permitting the transfer of resources, services, or obligations. Accordingly, we urge the company to provide greater specificity regarding the nature of these transactions when seeking shareholder approval. That said, we acknowledge that the operational transactions are closely tied to Bharti Airtel's core business, and the financial support is justified given Nxtra's status as a material subsidiary. It is our understanding that CA Cloud Investments—an affiliate of the Carlyle Group and the minority shareholder in Nxtra—is a strategic investor and, as such, is not expected to extend operational or financial support. We therefore support the resolution.	FOR

AGAINST	Warrants are proposed to be issued to promoter group entities. The funds raised will be utilized towards infusion of funds into existing and new subsidiaries / joint ventures. The issue price of Rs. 316.5 per warrant is as per the ICDR pricing. The dilution post conversion of all warrants would be ~7.3% on the expanded capital base. In case of warrants, 25% of the conversion price is paid upfront, with an option to convert the warrants into equity shares anytime during the next 18 months. We are generally cautious about the use of warrants as capital-raising instruments, particularly when such issuances involve promoters. Our concerns stem from the extended 18-month exercise window and the potential for promoters to benefit from access to material, non-public information. In addition, warrants carry the inherent risk of forfeiture, further complicating their suitability as a funding tool. We encourage promoters to participate in a preferential issue of equity, where equity is brought in upfront, rather than through the warrants route. We note that, if the warrants are fully subscribed, the promoter's shareholding will increase from 47.12% to 50.98%; thus, the warrant price should be higher to include a control premium. We do not support the resolution.	FOR

FOR	ICICI Bank holds 51% in ICICI Prudential Asset Management Company Limited (ICICI Pru AMC), with the remaining stake held by Prudential Corporation Holdings Limited (PCHL). As ICICI Pru AMC is considering stock-based compensation grants (ESOS/ESUS), the exercise of such options could dilute the bank's stake below 50%. To address this, the bank has entered into an inter-se agreement with PCHL to acquire up to 2% of the fully diluted pre-IPO share capital of ICICI Pru AMC from PCHL, subject to RBI and other necessary approvals. The acquisition price will be determined based on an independent valuation or benchmarked to the price at which shares are sold to other investors. This acquisition ensures the bank's shareholding remains above 50% and compliant with the provisions of the Banking Regulation Act. While the transaction is to be executed on an arm's length basis and in the ordinary course of business, the acquisition price and its computation are not available. We believe the bank should have sought shareholder approval, closer to the transaction date, once they are able to disclose pricing details. Nevertheless, we support the resolution because the transaction enables the bank to avoid having its shareholding in ICICI Pru from getting diluted.	FOR

The scheme does not provide clarity with respect to exercise price—it allows the NRC the flexibility to decide. Further, options have a time-based vesting. In the absence of clarity on the exercise price for future grants (post listing), we are unable to evaluate if the scheme contours align with investor interest. We do not favour schemes where there is no clarity on exercise price, or the exercise price is at a significant discount (>20%) to market price, unless the scheme has performance-based vesting conditions with clearly defined parameters and targets. Given these reasons, we do not support the resolution.	AGAINST

FOR	GE Vernova T&D India has a cash pool arrangement with LM Wind Power Blades (India) Private Limited, fellow subsidiary and the cash pool header. The company lends basis day end requirement within the cash pool participants, thereby earning interest income on the day end balance. Under the current resolution, the lending to the cash pool will be limited to Rs. 10.0 bn (outstanding at any point of time). The lending rates are based on 1 year Government's Bond rate, calculated daily and the current rate of interest is in the range of 5.5% - 6.0% per annum. The company's bankers currently offer 4.3%-5.76% interest on fixed deposits of up to one year, depending on the tenure - therefore lending to the cash pool is likely securing a higher interest rate for the company. The company has stated that it does not plan to invest surplus funds for longer term (> 1 year). Further, lending to the cash pool will be secured by a guarantee from GE Vernova Inc., which is rated BBB by both S&P and Fitch. Hence, we support the resolution.	FOR

25-09-2025	Container Corporation of India Limited	AGM	Management	Appointment of M/s. Hem Sandeep and Co., Chartered Accountants (FRN-009907N), New Delhi as Statutory Auditors of the Company and fix auditors remuneration. The statutory auditors were paid Rs. 2.1 mn in FY25 (excluding fees for tax audits, reimbursements, fees for other services) which is reasonable considering the size of the company. We raise concern that the company is seeking shareholder approval after the close of the fiscal year, a practice that is different from that followed by other state-owned enterprises. We note that the appointment of the Statutory Auditors for FY26 is yet to be made by the C&AG. Notwithstanding, we support the resolution.	FOR

Under the current and proposed terms, he is authorised to an annual increase of up to 25% of his fixed CTC, which is high. However, the NRC has been judicious in determining his payouts over the last five years. Under the revised terms, his variable incentive ceiling increases to 100% of fixed CTC, from 50% earlier. The incentive will be linked to company performance, including revenue, profitability, EPS, and sustainability metrics. The company should have provided greater clarity on performance thresholds and payout levels – similar disclosures were made at the 2023 AGM but are not available in the current notice. His proposed annual pay is estimated at Rs. 189.9 mn. Including the remuneration of Vinita Gupta and Ramesh Swaminathan, overall executive pay is slightly higher than peers.
